

Declaration on Honour

Erasmus+ Green Travel top up

Students who are going on Erasmus+ exchange are encouraged to travel in an environmentally friendly way, and you can get an additional Erasmus+ grant!

If you choose to travel in an environmentally friendly way by train, bus, car sharing, electric car, or bicycle, you can receive an additional travel grant. The majority of the journey must be made in an environmentally friendly manner. It is also possible to receive an additional grant for up to 2 days for the trip.

Eligibility for Green Travel grant can be proven with this declaration on honour signed by the student in advance of the mobility.

The Green Travel grant amount will vary depending on the distance from the sending to the receiving organisation.

In addition, the student needs to take a picture of means of travel/transportation by taking a picture of tickets or themselves by bus or by car etc.

After the stay, they need to provide documentation of your means of transport by taking a picture of their tickets or themselves by bus or car. Provide document of the duration of the return trip in order to have additional grant assessed for up to 2 days in connection with travel.

This documentation will be sent to the International Coordinator at Fagskolen Viken as soon as possible on the return home.

Fagskolen Viken must retain the signed declaration on honour for possible checks.

Information of the mobility and the mobility participant	
Sending organisation:	
Name of the student:	
Receiving organisation:	
Timing of mobility:	
Short description of means of transportation and length of travel (in days):	

A signed declaration on honour is:

Participant’s declaration of making use of an environmentally friendly way of traveling

- The participant must give this declaration to the sending higher education institution.
- The participant must, upon return, also provide other documentation to the sending organisation to prove one’s eligibility for the grant as specified.

Organisation’s proof of eligibility for the Green Travel grant

- The organisation must retain the signed declaration (electronic copy) for possible checks by the National Agency.

<i>I, the undersigned, declare that I intend to travel in a sustainable and environmentally friendly way</i>
